ABSTRACT

This is the text of the thesis abstract that will be included as part of the thesis. This page is numbered as a preliminary page; it is not part of the main thesis text, and so must settle for a lower-case Roman numeral for its page number. The heading style is Heading 1, and the text spacing matches the standard main body text. The inclusion of an abstract as a preliminary page is optional, but an abstract is required at the on-line submission.
