Ecology and Evolutionary Biology
Student Progress Timeline

EEB students are expected to:
• Form their Program of Study Committee by the end of their first year,
• Develop their Program of Study by the end of their first year,
• Successfully complete their preliminary oral exam no later than their fourth semester (PhD students only),
• Maintain a cumulative GPA of 3.0 or higher,
• Complete their degree within the required years (3 or less years for MS; 5 or less years for PhD).
