Minimum Stipend	25% FTE	50% FTE	75% FTE
Per month appointed	\$1,046	\$2,092	\$3,138

Graduating Students

Appointments for students who intend to graduate during the period of an appointment require advanced planning by the faculty and student before an appointment is processed.

If a student has applied to graduate and has a final exam (defense) date approved by the Graduate College, they are eligible for an assistantship ending earlier than the allowable end dates. The assistantship end date must be on or after the final exam date, and extensions are not allowed.

If an appointment is for the entire term, a student may elect to terminate once they have completed the final exam.

Internships

If a student has an internship that is not for the entire semester, please contact the Graduate College to discuss possible appointment options. We will need a copy of the student internship offer letter with the start and end dates.
